

HYDROGEL 01 - PRODUCTSHEET

HYDROGEL 01 – SHOULDERWRAP

The IZI Hydrogel 01 Cooling Shoulderwrap is an ideal solution for everybody who 's experiencing extreme heat conditions . At work, during sports or for medical purposes, the Hydrogel 01 cooling shoulderwrap brings immediate relief, optimizes your performance and makes you feel better .

The IZI Hydrogel 01 Cooling Shoulderwrap is designed to fit perfectly on your shoulders . It closes at the front with snap buttons . When wearing under garments, it is better and more effective when used as ice vest . Wearing it on top of your t-shirt, it will provide cooling by evaporation . The shoulderwrap is easy to use and provides an immediate and effective cooling for the upper part of the torso.

Clean design with application of the IZI innovative & advanced sealing technology for the cooling parts
