

HYDROGEL 25 - PRODUCTSHEET

HYDROGEL 25 – ANLE COOLING BRACE

The IZI hydrogel 25 ankle cooling brace combines function, comfort, and a great fit to reduce pain at the ankle. Our ankle braces are lightweight, low-profile, with soft neoprene, and easily adjustable by its velcro straps . Our self-cooling ankle brace includes our patented hydrogel cooling technologie . IZI cooling braces are unique in their kind due to their double function the top choice for ankle cooling , support and relief from pain at the ankle.

The ankle cooling brace is activated by putting it in a bucket of (cold) water for 20 minutes . For additional cooling , the ankle brace can be frozen. This gives about half hour of intense cooling , which is comparable to cooling with ice packs. When the ice has melted, the ankle brace will continue the cooling by evaporation .

MATERIALS USED :

FABRIC 1 WOVEN POLYESTER, 85 GRMS. (COOLING PART)
 FABRIC 2 NEOPREEN (blue color)

FINISHINGS FABRIC 1 + QUICK DRY FINISH
 FABRIC 1 + CIRE FINISH

AVAILABLE COLORS BASED ON ABOVE FINISHINGS :

NOTE : THE PRODUCT ON THIS SHEET IS REFERENCE FOR COLORS IN STOCK.

OTHER COOLING BRACES IZI HAS DEVELOPED :

HYDROGEL 20	>	WRIST (LEFT HAND)
HYDROGEL 21	>	WRIST (RIGHT HAND)
HYDROGEL 22	>	ELBOW
